Attention Team Jolie members with disposable income: The Kenaston Residence, the modernist house where **Brad Pitt** and **Angelina Jolie** posed as man and wife for the infamous 60-page photo spread that appeared in *W* magazine, is for sale. The 5,000-sq.-ft., four-bedroom house wraps around an outdoor pool and boasts floor-to-ceiling glass walls and mountain views. A favorite with art directors, the estate also has been used in photo shoots for **James Blunt**, **Madonna** and **Coldplay**.
